STIMULATING SPEECH ON ALLIED WAR ACTIVITIES: FRANCE WILL HIT BACK AT GERMANY WITH SAME SEVERITY—DALADIER

President Roosevelt's Efforts Extolled

PARIS, Nov. 30 (Reuter)—A stimulating speech on Allied war activities was made in the French Chamber of Deputies by the Premier, M. Daladier, who declared: "Our armies are daily demonstrating their mastery. Our air forces are victoriously opposing the enemy, while at sea, our fleets have paralysed the submarine menace."

M. DALADIER

"That explains Germany's recourse to the mines campaign which attacks neutral shipping equally with the Allies."

Referring to the United States, the French Prime Minister extolled President Roosevelt's efforts and declared: "America knew that arms purchased on the lifting of the embargo are intended to defend the principles of democracy and liberty. Peace must be based on material guarantees and extend to independence for all free nations of Europe."

"Frenchmen are resolved that France never again will be ravaged and threatened by Germany and we shall return German attacks, blow for blow, and if their destructive fury falls on our villages and towns, we shall hit back with the same severity."

During the speech the presence of two Communist Deputies was detected. This led to a scene and both were removed. One, M. Florimond Bonje, was immediately arrested outside the Chamber.

M. Daladier said that Italy's policy had "brought the greatest contribution to the maintenance of peace in the Mediterranean and we have shown by concrete facts that we are trusting in the continuance of these high motives which inspire Italy and in view of which we would be careful to respect Italy's dignity and interests."

He also mentioned that losses in human lives suffered by the British Army is higher than the French Army's.

CHINESE STILL RESISTING NORTH OF NANNING: BIG JAPANESE PUSH CHECKED

KWEILIN, Nov. 29 (Central)—The Chinese are resisting steadily on the north bank of the Watkiang (Yu) River.

The Japanese are attempting to push northward by the Nanning-Pingyang highway and the Nanning-Wuming highway. About 2,000 Japanese troops massed at Chien-tohu, east of Nanning, are being dispatched to the Nanning-Pingyang highway. They had an encounter with the Chinese on Monday, suffering over 500 casualties.

The main Japanese force is concentrated on the Nanning-Wuming highway. Its spearhead is held in check at Santang, about 12 miles north of Nanning.

There are about 10,000 Japanese troops scattered along the Nanning-Yamchow highway. They are moving northward.

Since their occupation of Nanning, the Japanese have allegedly slaughtered many Chinese civilians. The Japanese force in the city is composed of about 3,000 Japanese troops and 1,000 mercenary troops.

NAVY SUBMARINE CHASERS IN ACTION

The Anti-Submarine Flotilla of the British Navy has been doing great work in helping to keep the seas open for British and neutral shipping. Here is a typical scene aboard a submarine chaser, showing a depth charge being loaded into its "gun" ready for firing.

DARING RAID BY BRITISH MACHINES

LONDON, Nov. 30 (Reuter)—Further successes are reported regarding yesterday's R.A.F. raid on Borkum. Five German seaplanes were machine-gunned and three are reported to have been destroyed.

Three of the four machine-gun nests on the Mole were put out of action.

This is one of the most daring air raids by British machines in the present war.

Twelve long-range bombers took part and one of them dived so low that it passed through a gap in the Mole.

TEST MATCHES CANCELLED

SYDNEY, Nov. 30 (Reuter)—The three Test matches between Australia and New Zealand to be played at Christchurch, Wellington and Auckland next February have been cancelled.

TURKISH MISSION IN LONDON

LONDON, Nov. 30 (Reuter)—A Turkish Mission, headed by the Under-Secretary for Foreign Affairs, has arrived in London.

The party numbers ten and includes the Director of the Ministry of Commerce and leading financial officials.

Growing Sino-Soviet Friendship

CHUNGKING, Nov. 30 (Int'l)—Indicating the growing friendship between China and Soviet Russia, a branch of the Sino-Soviet Cultural Relations Association has been recently inaugurated at Tientsin (Tientsin), provincial capital of Sinkiang.

Honorary presidents of this Association are General Shen Shih-tsai, Border Commissioner of Sinkiang, General Li Yung, Chairman of the Provincial Government, and the Soviet consul general in that city.

CHINESE SUCCESS IN HAINAN

HSUWEN, Nov. 30 (Central)—A large number of puppet troops returned to the Chinese fold on November 18 when Chinese forces on Hainan Island smashed into Nadoa, important town in the north-western part of the island, in a lightning raid.

Change and Lok, two other towns south-east of Tsanghsien, the principal town of northwestern Hainan, were also raided by Chinese guerrillas and the Japanese garrison forces there forced to retreat in the direction of Nadoa.

Indian Found Guilty On Charge Of Raping Woman At Fanling: Night Verdict At The Sessions

HEARING OF THE CHARGE OF RAPE preferred at the Criminal Sessions against an Indian constable, named Ajit Singh, did not terminate until 9 o'clock last night, when, on the jury returning a unanimous verdict of guilty, Mr. Justice R. E. Lindell sentenced accused to five years' hard labour.

Singh was accused of having, on October 3 at Fanling Lodge, His Excellency the Governor's residence in the New Territories, had criminal carnal knowledge of a woman, Tang Yee, after having enticed her to the place on the promise of giving her some washing.

The defence was that the woman was Singh's kept mistress, to whom he had paid various sums of money and with whom he had had frequent previous intercourse, and that the reason why the charge had been made was that these alleged extra-conjugal relations had been discovered by the woman's husband.

Mr. T. J. Gould, Assistant Crown Solicitor, prosecuted, assisted by Insp. F. D. B. Tuckett. Mr. Percy Chen, instructed by Mr. C. A. Sutherland, appeared for the defence.

The jury comprised Messrs. A. Valerio (foreman), Chan Kwok-

PRESIDENT OF FINLAND PROCLAIMS A STATE OF WAR: MANNERHEIM MADE SUPREME HEAD OF ARMED FORCES

Bombardments From Sea, Air By Soviet

(SPECIAL TO THE HONGKONG DAILY PRESS)

OSLO, NOV. 30 (HAVAS)—A BROADCAST BY THE OFFICIAL NORWEGIAN RADIO STATION ANNOUNCED THAT M. KYOSTI KALLIO, PRESIDENT OF FINLAND, HAS PROCLAIMED A STATE OF WAR AND ENTRUSTED MARSHAL MANNERHEIM WITH SUPREME COMMAND OF THE FINNISH ARMED FORCES.

A BRITISH WIRELESS MESSAGE STATES THAT IT HAD ALWAYS BEEN HOPED IN LONDON THAT THE FINNISH-RUSSIAN DISPUTE WOULD BE SETTLED BY METHODS OF CONCILIATION.

REPORTS REACHING LONDON SUGGEST SUCH HOPES CAN NO LONGER BE SUSTAINED.

Official information is lacking, but following an announcement by M. Molotov, that his Government had broken off diplomatic relations with Finland, news agencies now state that Soviet aeroplanes have passed over Helsinki, one report adding that bombs were dropped without, however, causing casualties and that there has been artillery fire across the Karelian Peninsula both from land batteries and from ships.

These reports are, for the present, treated with appropriate reserve in authoritative quarters here.

Reuter reports that according to unconfirmed reports received in Stockholm, the Finnish town of Terijoki, near the Soviet frontier, was bombarded this morning.

Other reports state that no bombs were dropped in Helsinki and that the Soviet machines were hotly engaged by anti-aircraft batteries.

SOVIET PLANES SHOT DOWN

HELSINKI, Nov. 30 (Reuter)—The Ministry of Defence reports that two Soviet aeroplanes were shot down, one near Helsinki.

Soviet troops are preparing to land detachments on Selskari Island in the Gulf of Finland, near Kronstadt.

The air raid warning was sounded in Helsinki at 7.15 (G.M.T.).

FREEZING OF GULF OF FINLAND

Precarious Conditions For Warships

Special to the Hongkong Daily Press

COPENHAGEN, Nov. 30 (Havas)—The Soviet precipitated their aggression against Finland because of the Gulf of Finland rapidly freezing thereby making conditions for warships and seaplanes exceedingly precarious. The Berlingske Tidende's Helsinki correspondent reported.

Even next week seaplanes and warships would have found great difficulties there.

Commenting further on Soviet-Finnish developments, the paper stated that M. Molotov, Soviet Foreign Commissar, recently pointed out to M. Stalin that "events of considerable importance" were due to happen in south-eastern Europe after which the Soviet will be compelled to devote all her efforts in the Black Sea. Hence the Soviet ships "liquidate" mere intimidation without the intention of launching a full-scale offensive, against Finland.

It is reported that the United States Ambassador in Moscow, in a recent interview, said that he did not believe the Soviet High Command was prepared to launch a winter campaign in Finland.

KWANGSI BANS TRAFFIC IN JAPANESE GOODS

KWEILIN, Nov. 30 (Int'l)—Following the penetration of Japanese troops into Nanning, the Kwangsi Provincial Government has issued strict orders against traffic in Japanese goods, which are liable to filter in via the Yamchow-Nanning highway.

PENULTIMATE MEET OF JOCKEY CLUB AT THE VALLEY TOMORROW: ST. ANDREW'S STAKES WILL BE CHIEF EVENT

Red Feather's Chance For "Hat Trick": Two Races For Novice Jockeys

(BY "LAST QUARTER")

The programme for the 12th Extra Race Meeting of the Hongkong Jockey Club was very cleverly drawn up, and I, for one, readily admit that it is no easy task spotting out the winners in the various races.

Consequently, an afternoon packed with thrilling finishes and keen racing is anticipated and I feel sure the racing public will be very satisfied with the fare served out for their enjoyment.

The main attraction is the St. Andrew's Stakes and, as Red Feather has won this event for 2 years in succession now, his connections will make him go all out for the "hat-trick."

The novice riders will have a gala day, as they have both "D" Class races ear-marked for them and many of them have done intensive training for this particular meeting.

GLASGOW HANDICAP—"E"
CLASS—6 FURLONGS
For the opening event, I think the safest bet would be Smiling Time. The pony is very fit and provided he does not "stink" during the race he should win by a comfortable margin.

A very dangerous contender is Diogenes who should finish close up in spite of having to carry the maximum penalty. King's Parade, I am told is very fit and if a strong jockey is on the helm, should go very near winning.

Palmer is another pony that can be classified as "stinker" but if he should make up his mind to run, will be hard to beat. Lucky Eleven is gradually coming up to top form and is a good outsider to follow.

LANARK HANDICAP—FOR AUSTRALIAN PONIES—1 MILE
Cocklerol is moving so grandly of late that I really feel I must

grand to me when I saw her on Wednesday morning.

Taxing Master is in fine fettle as is evident by her very good gallop of 138.1 for 4 furlongs done on Wednesday morning. In my estimation, the outsider is Lovely Star although I must frankly say that I like Tampa Bay a lot too. Boolat Bay may find the distance a little too short.

Galveston Bay looks very attractive at 140 lbs., but I have lost faith in this pony and cannot recommend her chances too strongly.

GALLOWGATE HANDICAP—"D" CLASS—1ST. SECTION—FROM THE 14 MILE POST

The first leg of the Dally Double is a race for novice riders and I like Estover who was very prominent in the last race he ran.

Gold Coin should be well in demand here and has been whispered to me as a really good bet. She was not entered for the previous meeting and the rest has evidently done her a world of good.

In view of the light weight, I like the chances of Chatterbox next. For an outsider, I like This Time who went extremely well last Wednesday for novice K. F. Chiu.

GORBALS HANDICAP—"C" CLASS—2ND SECTION—6 FURLONGS

Although carrying top weight I think Advancing Time will be very hard to beat as she did a very creditable "paw" on Wednesday. This dun mare returned the remarkable time of 133.3 for 6 furlongs which is the best indication as to the pony's good form at the moment.

The three ponies which dead-heated for second place in the last meeting are all starting in this event and it would be interesting to see how they will fare this time.

Taking into consideration the distance, I think Laughing Girl will only barely nose out her opponents. Do not entirely neglect Sunlight View as she is a good sprinter and the weight she has to carry is not too much.

AULD REEKIE HANDICAP—AUSTRALIANS "O"—1 MILE

This is the second leg of the Dally Double and I reckon Pumpnickel is the one to beat here. This bay pony is bursting with fitness and although fairly heavily weighted, he should do the trick.

Amber II has been knocking at the door of late and should find the distance more to her liking. A safe bet should be Violet Queen who has been so very consistent in her recent outings. Strathcarrie did quite a nice gallop on

Triangular Rugby Tournament

CLUB V. ARMY SATURDAY BY "HOOKER"

With the approach of the opening game between the ARMY and the CLUB in the Triangular Rugby Tournament, the time is opportune to review the chances of the two sides which are due to meet in the first round of this annual competition on Saturday.

Weakened by the absence of many players through injury it would appear that the Army is at a distinct disadvantage this year. Richardson, Skipwith and Hewitt are still out of the game and in them the Army will miss some real stalwarts.

The Club on the other hand, is fielding their strongest XV, with the exception of Taylor, and it looks as if they will have no real difficulty in outplaying the soldiers.

The Army, I understand, have been compelled to make several "changes in the back division from the one originally announced and in this department the Club will probably hold all the aces.

KNEE TROUBLE

Richards, who was injured a fortnight ago, is still having trouble with his knee and his absence on the Army left wing will be felt, as he and Waite played with real understanding and were a good combination. Willis will probably fill Richards' position. Skipwith is also out with a troublesome knee and Lang is moved up from full-back to centre three, with Pictou coming in at fullback.

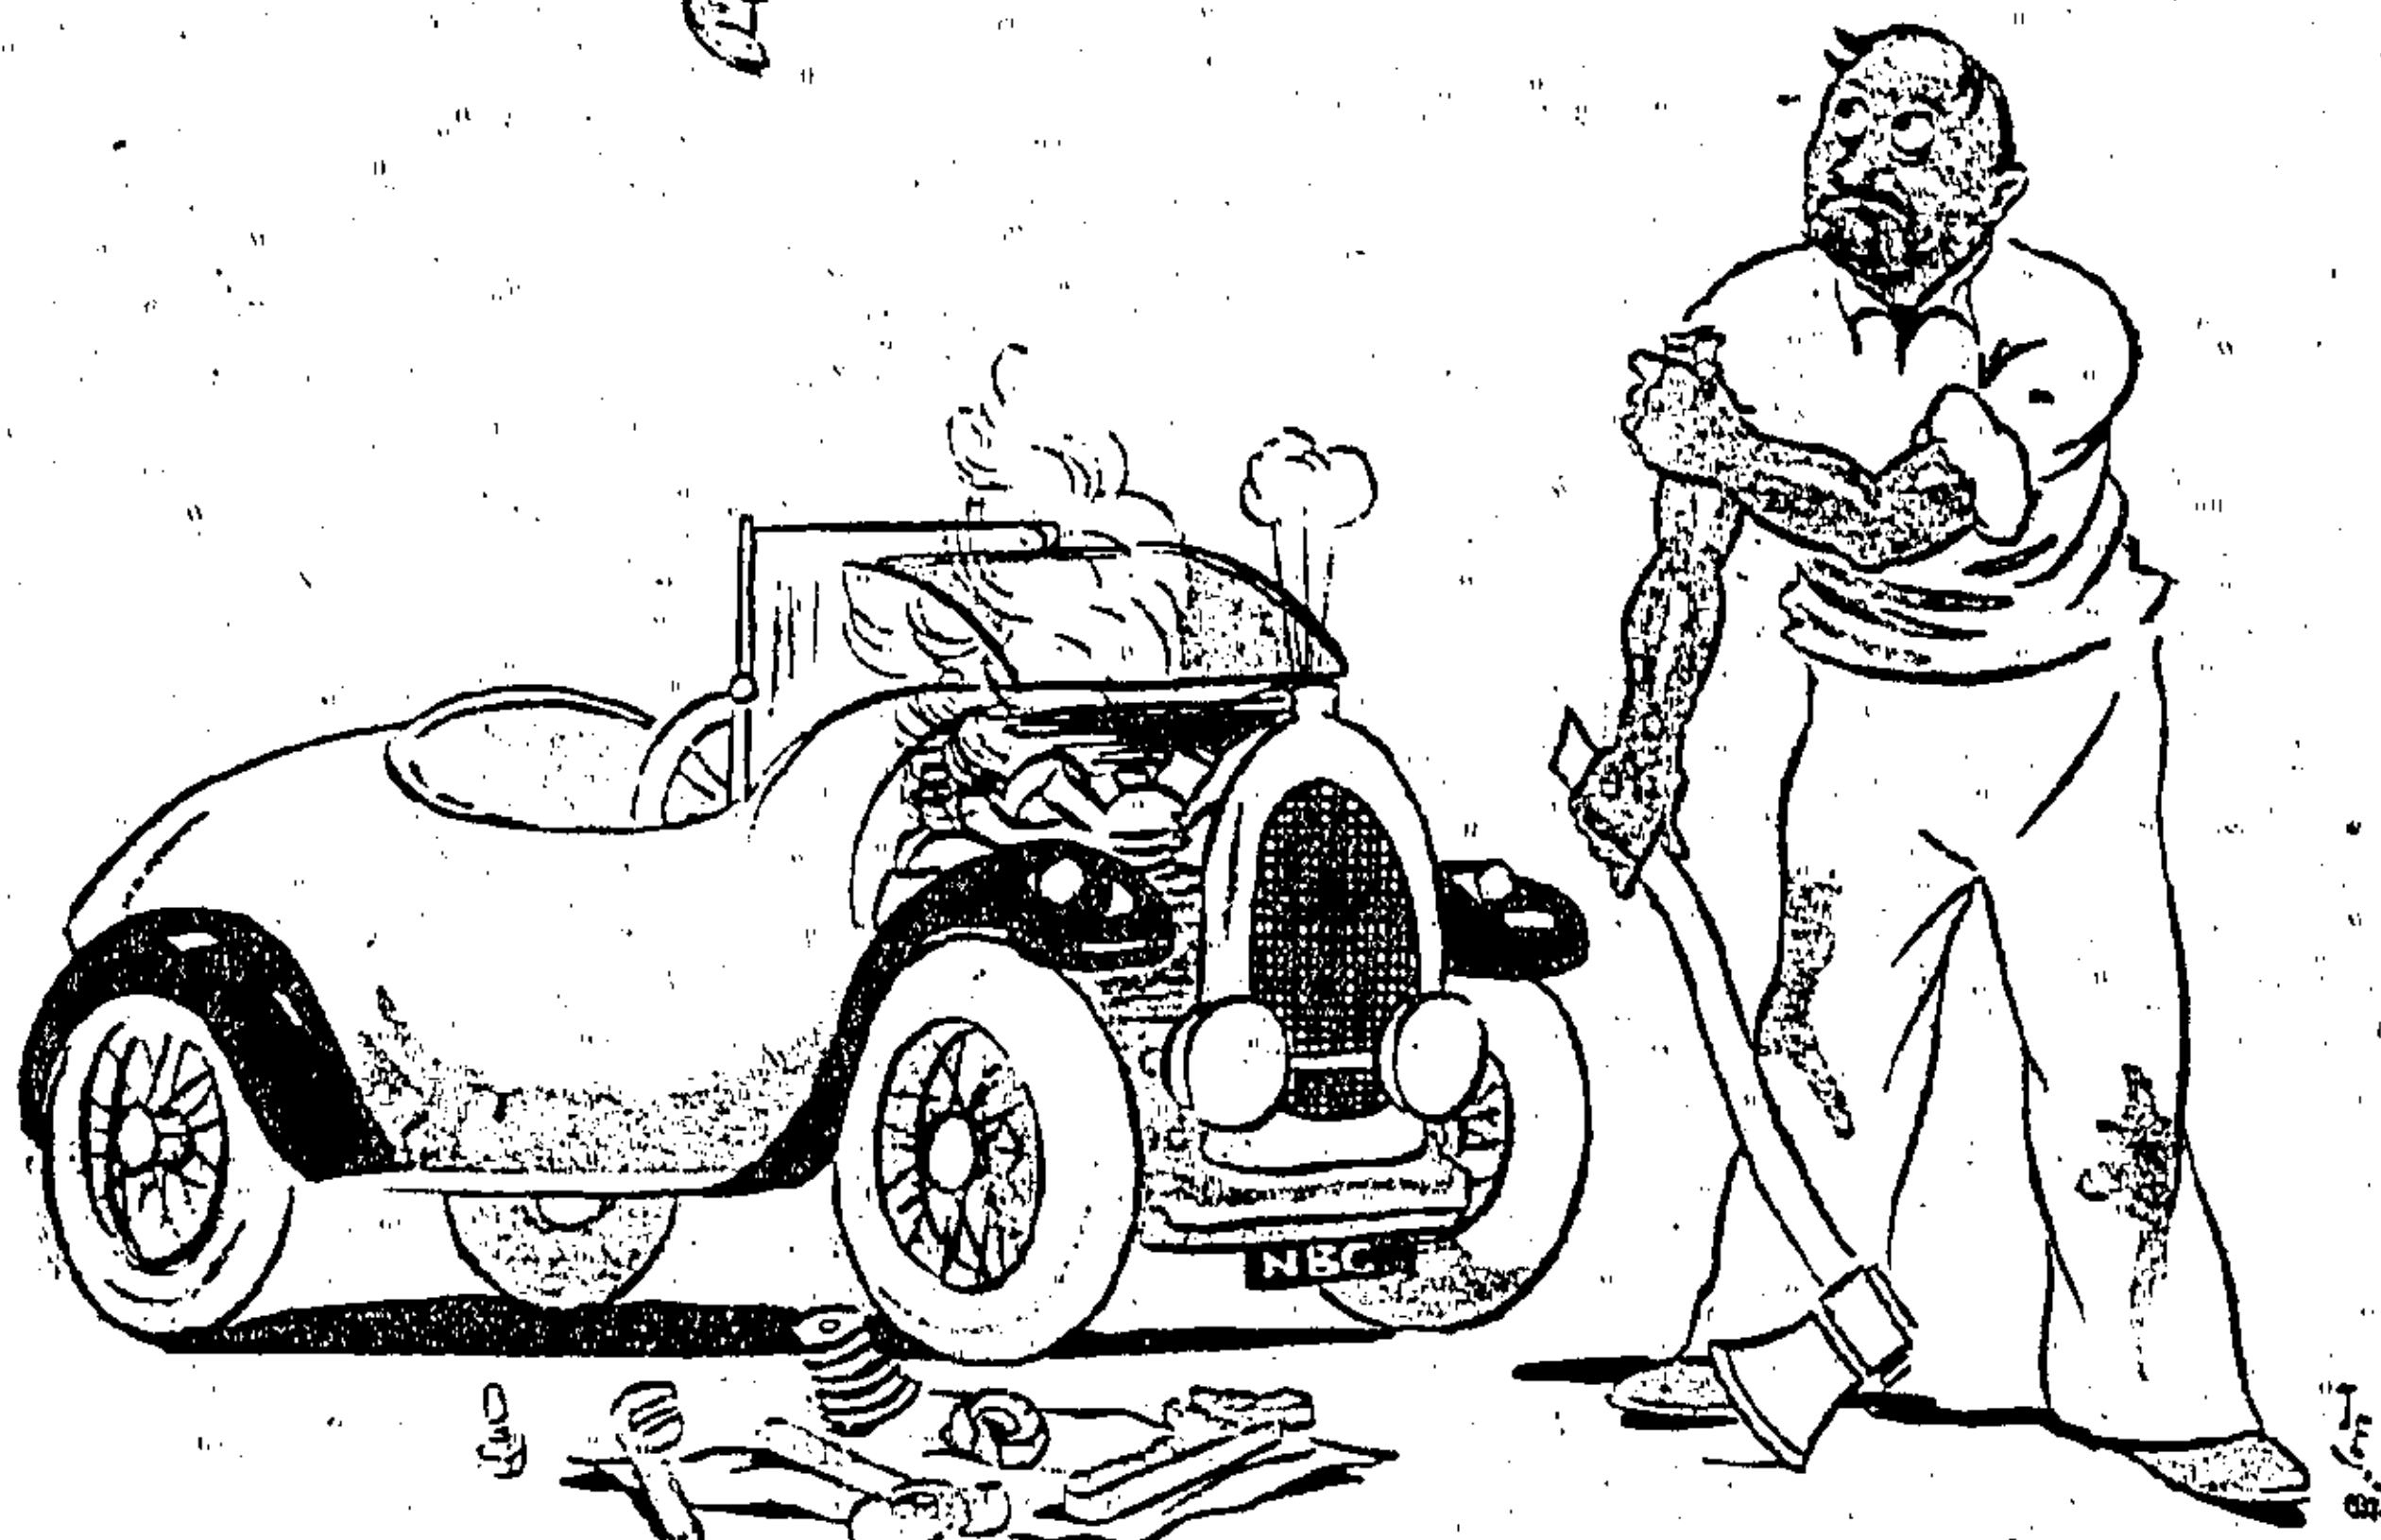

The Club, therefore, with Stewart, Hutchison, Charter and Bosanquet as threees, and Harold Bidwell filling the fullback position, should have every chance of piling up the points.

ARMY FORWARDS

In the forwards, however, the Army have only one change. Sutherland coming in for Hewitt who is still recovering from an injured back. This should be to the Army's advantage, as Sutherland is considered in many quarters the better hooker.

With men like Cuthbertson, Ridsdale, Pinkerton and Duke playing as they are, Walkden and his men will have to be off their mettle if they hope to give their backs the required possession.

Although the Club appear to be the favourites, a very excellent game should result and as the Army have proved in previous matches this season, that they are capable of springing the most unexpected surprises, anything might happen.

NEW MEMBERS SHOW PROGRESS AT H.K.R.A. MID-WEEK SHOOT: SAPPERS WIN MATCH IN BELILIOS SHIELD

Far East Trophy Firing On Wednesday Next

Seventy members were present at Wednesday's spoon and practice shoot. The wind was variable and consequently scores were not very high.

Nett Spoons went to Sgt. F. E. Russell, H.K.P., and Pte. J. Scott of the Royal Scots. Sgt. Russell tied with C/Sgt. P. Hale on points, but was placed higher for securing the better score at the longest range.

It is gratifying, as showing the progress being made by new members, that those with comparatively high handicaps won the handicap spoons this week.

They were:—
S.R. (a)—Cpl. J. Plummer, 1/Mx. Bdsmp. D. Bolam, 1/Mx. Cpl. T. Lillie, R.A.F.

S.R. (b)—L.A.C. W. J. Gash, R.A.F. L/Cpl. S. G. Brighty, R.E.

BELILIOS SHIELD
The Royal Engineers much to their own surprise, won their match with the 1/Mx. who were generally expected to be the winners.

The Sappers were very jubilant and are to be congratulated. It was a close fight, only 18 points separating the teams.

At 200 yards scores were level, the R.Es. led by 4 points at 500 and at 600 they increased their lead by 14 more points.

FAR EAST TROPHY
On Wednesday next the home team will fire against Ceylon and

HOLLYWOOD'S GOLDEN-VOICED FILM STAR

Jeanette MacDonald
 In "Broadway Serenade"

Jeanette MacDonald, Hollywood golden-voiced film star, appears in her first solo starring role in "Broadway Serenade," which was given a press preview yesterday and which will be screened at the Queen's and Alhambra Theatres tomorrow.

The picture gives Jeanette every opportunity to sing and sing she does from grand opera to popular hits, which were specially written for the film.

SONG NUMBERS

Here are a few of the outstanding numbers that Jeanette renders — "For Every Lonely Heart," "Flyin' High," "Rhapsody," "One Look at You," "Time Changes Everything," "No Time To Argue" and "Ridin' on a Rainbow." In addition to an excellent medley of old fashioned tunes which have ever won popularity.

Music and singing, in fact, are the features of the picture, the story of which is based on the struggles of a young singer in her progress from cheap night clubs to musical comedy stardom. Jeanette excels all performances in the role and apart from her lovely singing, throws into her acting all the feeling and emotion necessary to emphasize the theme of the story.

SUPPORTING CAST

Playing opposite her is Lew Ayres in his most important role since his re-entry into films as the star's composer husband who, while his wife is winning stage triumphs, hides in the obscurity of playing a piano in a five-and-ten-cent store.

Can Hunter supplies the third point in the love triangle with his usual ability and others in the supporting cast are Frank Morgan, Al Shean, Virginia Grey, Rita Johnson, William Gargan, Franklin Pangborn and Kitty McHugh.

"Broadway Serenade" is delightful entertainment.

"DAWN PATROL"
AT MAJESTIC
TOMORROW

"The Dawn Patrol," Warner Bros. great aviation epic of the World War will be screened at the Majestic Theatre tomorrow presentation.

The brilliant and all-male cast is headed by Errol Flynn, and Basil Rathbone, David Niven, Donald Crisp, Melville Cooper are featured with him, as well as a large cast of others.

It is a tale of the heroism and tragedy that were the daily portion of the brave young knights of the air who engaged in aerial combat over the western front during the early days of the World War.

As one of these comparatively veteran flyers, Errol Flynn has a role which obviously gives him an opportunity to display in full flower, the personality and acting talent that have made him such a tremendous favourite on the screen.

HONGKONG, DECEMBER 1, 1939

DISRUPTION OF TRADE

WHEN THE RESULTS of the first three months of the present war are accurately estimated, it will be found that, despite the quiescence of the military fronts during this period, the economic effects have been profound and, in certain realms, cataclysmic. The latter can certainly be said of the effects on trade, both foreign and internal, in both the belligerent and the neutral countries.

FOREIGN TRADE has suffered most among the neutrals, and particularly among the neutrals whose commerce is sea-borne. On the one hand there is the menace of the free mines laid by the Reich which have already taken their toll of the shipping of every maritime Power. On the other, the British blockade has struck at the not inconsiderable trade of the neutrals with Germany and the countries adjacent to her. American strictures, and protests by Holland, Italy and Japan show how keenly this has been felt.

FURTHER CURTAILMENT of maritime trade has occurred through the requisitioning of commercial vessels for use as troopships, transports and armed auxiliaries and the restrictions placed on passenger traffic, both by belligerents concerned with keeping all available man-power within their own countries and by neutrals who, like the United States, have sought to minimise the possibility of incidents by forbidding their nationals to travel in combat zones. It is hardly necessary to go further into this, since merchants in the Far East, already beginning to feel the stress of shortage and consequent price speculation on imported commodities and raw materials, know it all too well.

ALL THESE EFFECTS were felt, in comparable degree, during the last war. The really new feature is the disruption of ordinary small-scale retail trade within the belligerent and near-belligerent states by measures that it has been considered necessary to take in the interests of A.R.P.—the black-out and, still more, the evacuation. Letters from England indicate that the individual store-keeper, already operating on a narrow margin of profit, is, in many cases, finding the strain of this too much to bear. With the prospect of mass population movements, distribution must be organized by the Government in collaboration with the nation-wide networks of the great retail trusts, and the small man is entirely left out in the cold.

BOTH INTERNALLY AND EXTERNALLY, commerce is becoming more and more the concern of the co-ordinating agencies of the State. Available bottoms are commandeered for war cargoes. Permits must be obtained for all individual shipments. Food and clothing are, of necessity, rationed and their production curtailed by the omnivorous demands modern warfare makes on the output and personnel of the nation's factories.

WHEAT TRADE CONTINUES to exist in shifted to the direct needs of the war machine, in supplying which neutral economies may reap considerable profits, as is now the case with the United States. Even such profits

CHANGE IN ITINERARY OF LINER

CANADIANS WED IN COLONY BY SPECIAL LICENCE

A sudden change in itinerary was the cause for two Vancouver residents being married in Hongkong yesterday by special licence.

Miss Anita Catherine All, only daughter of Mrs. Bertha All, of Vancouver, and Mr. Leonard Jack Nairn, second son of Mr. and Mrs. J. G. Nairn, of Vancouver, took their wedding vows at the Supreme Court Registry yesterday afternoon.

Mr. Nairn, Second Purser on the Canadian Pacific liner now in Hongkong harbour and Miss All, also travelling on the same vessel, had intended to get married when the Empress reached the home port of Vancouver.

The new itinerary of the Canadian Pacific vessel, however, caused their plans to be cancelled and they were married in Hongkong.

Mrs. L. J. Nairn will continue her journey to her home in Canada within a few days, her husband remaining with his ship.

At the conclusion of the ceremony at the Registry a small group of friends gathered in the residence of Mr. and Mrs. George Razavet to toast the happy couple.

All, hairdresser on the same steamer.

Mr. T. S. Whyte-Smith, Registrar of Marriages, officiated at all ceremonies.

ANNOUNCEMENTS

The following forthcoming marriages are announced:—Mr. Fung Ying-sing, clerk, of the General Post Office, and Miss Li Shuet-ching, of No. 101 Queen's Road East;

Mr. Wong Shiu-to, wireless operator of the Government Radio Office, and Miss So Wing-mul, of No. 7 Fuk Lo Tsun Road.

Catastrophic Effects Of Big Air Raid On A Modern City Depicted

A VIVIDLY DISTURBING PICTURE of the catastrophic effects of a big air raid on a modern city is given in the British-made A.R.P. film "The Warning" a special preview of which was given to the Press at the Queen's Theatre yesterday morning in the presence of officials and committee of the local A.R.P.

Hongkong rights for "The Warning" are held by H.K.O. Radio who got the film out by air.

As a practical demonstration of the dangers that threaten big cities from air attacks, the picture cannot be bettered. The spectacle of guns, planes and A.R.P. in action has been superbly handled and enlisted for National service is bound to benefit from the film.

CALL TO NATION As the London News Chronicle says, "The film is frankly propagandist and winds up with a call to the Nation by Sir John Anderson. But it is a well-made picture within its scope and its presentation of what might be expected in air raid is disturbingly vivid."

Abe Should Throw "The New Order In East Asia" Overboard—Chiang

[Below is the fourth instalment of the full translation of Generalissimo Chiang Kai-shek's speech at the Sixth Plenary Session of the Kuomintang C.E.C. on November 12].

Speaking of Abe's wished-for settlement of the "China Incident," since he has realized that China is unconquerable and that the world is looking on with disapproval, he should be thoroughly repentant and throw "the new order in East Asia" overboard. However, his way of liquidating the affair is in fact to lend support to a generally detested traitor, to set up a puppet central government, and to demand that Inner Mongolia and North China be marked off as special areas. Not satisfied with having subjected the Chinese people to all manner of insult, the Japanese now want to insult the intelligence of other nations of the world. They hope others will consent to have dealings with their slaves—puppet regimes. This is an extreme case of wishful thinking. They take all others for fools and think they have a monopoly of wisdom in the world. It is like a hungry man who draws a cake on a piece of paper, hoping to appease his hunger therewith. Wherever they go, they will find themselves in blind alleys.

It is common knowledge that by a settlement of the "China Incident" they mean nothing but the conquest of China. Likewise, their talk of reconciliation with other nations is nothing but a design to banish them from East Asia. In so doing, they are imposing upon themselves as much as upon anybody else, and they are bound to find themselves in greater difficulties as time goes on.

If this is not an abnormal state resulting from their morification, disillusionment, anxiety and feeling of helplessness, we are really at a loss as to what other causes there may be for their absurdity and crudity.

For instance, of late some people in Japan have been entertaining hopes of appeasing America first, while others have indulged in fancies of first getting Soviet Russia on their side. For this reason, they are resorting to the tactics of befriending and coercion. Finally, however, they will fall in both attempts, no matter which one they may decide to deal with first.

In their attitude toward America, the Japanese may be said to have reached the zenith in their efforts to please her and to beg for mercy, but not long after Ambassador Grew's speech, instead of ceasing all attacks on undefended Chinese cities, they became so much more arrogant that they attacked a British flying-boat, and machine-gunned its passengers of various nationalities without the slightest restraint. As there has been so great a disparity between their words and deeds, who will believe them?

FANTASTIC RUMOURS

What is more laughable is that, while seeking to enlist the support of Soviet Russia, they have deliberately floated numbers of fantastic rumours, just as speculators do on the market. They hoped to involve Soviet Russia in trouble. In the report which first appeared in the Hochi Shimbun on November 1 and was later circulated by the Domei News Agency on November 6, it was alleged that after the establishment of the "Wang Ching-wei government" Soviet Russia would extend its recognition and that Soviet Russia had approached Japan with a view to arriving at an understanding with her regarding the problem of northwestern China. Then during last week, they went further by spreading rumours to the effect that Soviet troops had arrived in the Northwest. One rumour said that they had reached Pingliang in Kansu.

The Japanese must have thought that by so doing they could frighten and confuse the world at large, and stir up ill-feeling between China and Soviet Russia, without realizing that such tricks are ridiculed by all those who are informed of the actual situation.

On the one hand, they spread the rumour that "Soviet Russia is prepared to accord de jure recognition to the new central government," while on the other they demand that their puppet, Wang Ching-wei, must conclude an anti-Comintern pact with them.

Such are their contradictions and extravagances that even the rumour-mongers themselves, if ever they come to think of it in their field moments, must surely be astonished at their own absurdities. You should understand that the contradictions and extravagances in the enemy's recent rumour campaigns are the counter-proof of their great failure and helplessness in their armed aggression on China.

WILL NEVER REFORM

At the fifth plenary session explaining the failure of the enemy's political strategy, I said: "Since the root itself is vile, the twigs and leaves cannot be sound." A year has gone since the Japanese started blowing their trumpets

and beating their drums for "the new order in East Asia." Because of this elemental mistake, they have met with failure not only in the diplomatic field but in the military and political fields as well. In the case of any ordinary individual, once he has failed, he would turn back. But Japan, with a government dominated by narrow-minded militarists, will never take anything to heart and hence will never reform the error of her ways. Therefore, the greater her failures the more glaring will be her blunders. With each new blunder, the more ignominiously will she fall. During the last nine months, the enemy has rapidly advanced on the road of military, political and diplomatic failure. In short, her defeat is predestined.

SOVIET GOVERNMENT BREAKS OFF DIPLOMATIC RELATIONS WITH FINLAND

MOSCOW, Nov. 30 (Reuter)—The Soviet Government has broken off diplomatic relations with Finland and has ordered the High Command of the Red Army, Navy and Air Force to hold themselves in readiness for any eventuality.

This is a further sensational development in Soviet-Finnish relations, before Finland has had the opportunity of presenting the reply to the last Soviet Note, was announced by M. Molotov, in a nationwide broadcast last night.

M. Molotov declared that, notwithstanding all the Soviet concessions, which he failed to enumerate, the Finnish Government had become increasingly provocative. The Soviet he claimed, were compelled to take this step for the external security of the state.

Moscow had asked Finland for certain guarantees for the safety especially of Leningrad, but Finland had adopted an irresponsible and irreconcilable attitude, instead of a policy of understanding.

STATE OF WAR PROCLAIMED

Continued from Page 1

this morning when three Soviet aeroplanes flew high over the city. Later, a large Soviet bomber appeared, flying fairly low, and disappeared over the Gulf of Finland. Trams were stopped in half the city but there was no panic. The public displayed remarkable coolness. The post and telegraph offices were closed for an hour until the all-clear was given.

A later message states that four Soviet aeroplanes flew over the harbour at 11 a.m. and were fired at by coastal defence guns. They were not hit.

VAMMELSUU BOMBED

Vammelsuu, on the Karelian Isthmus, was bombed from the sea, probably from Kronstadt. At Kivinebb, Karelia, an artillery duel is reported.

At Suojarvi, the Russians have occupied a small strip of territory. Incendiary bombs were dropped on Malm Aerodrome, near Helsinki, and on the eastern part of the town of Viborg where several fires were started.

Soviet machines appeared over Sveaborg Fortress, near Helsinki.

KALLIO'S PROCLAMATION

President Kallio has issued a proclamation, reading: "With the view to maintaining the country's defence, Finland has declared a state of war."

The Russians are reported to have occupied the whole of Fiskar Peninsula.

Soviet aircraft dropped pamphlets saying that Russia does not intend to harm Finland but her intention is to get rid of the Finnish Foreign Minister, M. Erkkio, and other members of the Government as well as Field-Marshal Mannerheim.

The Finnish Minister called at the Foreign Office yesterday morning, says Reuter from London.

U.S. ACTION

WASHINGTON, Nov. 30 (Reuter)—An indication that Congress might be asked to consider severance of diplomatic relations with Russia, if the Soviet attacked Finland, was given by Senator Key Pittman in an individual capacity.

A "BENEVOLENTLY NEUTRAL" GERMANY

BERLIN, Nov. 30 (Reuter)—The German Government announces that it is morally and sympathetically on the side of Soviet Russia in the present dispute with Finland on the grounds that the Soviet Union's vital security, existence and rights are involved.

It is expected that if there is a Russo-Finnish clash, Germany will be "benevolently neutral, with a full understanding of the Russian attitude."

CHINESE ACCUSED OF UTTERING

Hearing of the case in which Chong Pak-chung, 30, unemployed, is charged with uttering a forged \$500 note of the Hongkong and Shanghai Bank at No. 50, Kung-chung Street, ground floor; possession; larceny by trick by ordering 99 tins of red dye on November 20, from Ma Chung-pun, complainant; and conspiracy to defraud. Ma of the 99 tins of red dye between November 15 and 20, was commenced before Mr. Q. A. Macfadyen at the Kowloon Court yesterday.

Mr. F. X. d'Almada appeared for the defence. The hearing was adjourned until December 7.

FIERCE NAVAL-AIR BATTLE REPORTED

NO CONFIRMATION IN LONDON

OSLO, Nov. 30 (Reuter)—A fierce battle between warships and aircraft off the south-west coast of Norway is reported.

A naval observer says he could see the flash of guns. So far there is no confirmation of this report in London.

Britain Well Prepared This Time

LONDON, Nov. 30 (Reuter)—Britain had the reputation of always being unprepared, said Sir John Simon, speaking at a luncheon yesterday, but this time he plans had been prepared in advance and, far exceeded, in all sorts of directions, anything they had previously achieved in their previous history.

If the full blast of the hurricane had come immediately, the people of this country would have had good reason to appreciate the value of these preparations.

HOW NAZI BOMBER CRASHED IN SEA

LONDON, Nov. 30 (Reuter)—The plane brought down by an R.A.F. machine is believed to have been a Heinkel bomber. It crashed into the sea, but a lifeboat which searched the scene of the crash for three hours found no trace of the bomber or its occupants.

The plane was first seen flying east from behind clouds, off the Northumberland coast. An R.A.F. fighter went up and, when it was 400 yards away, the bomber dived for the clouds 1,500 feet below.

It dived vertically through the clouds into the sea. The R.A.F. machine saw the danger in time and swerved suddenly to avoid striking the water.

To date at least 23 machines have been brought down over, or off, Britain.

Norway Claims Right To Ask For Compensation Over Decision To Seize German Exports

OSLO, Nov. 30 (Reuter)—The Norwegian Government has urged Britain and France to reconsider their decision to seize German exports in the light of international law and has reserved the right to claim compensation for any damage to Norwegian trade and shipping in consequence of the Allies' measures.

reference to the French decision to seize German exports also.

BRITISH PRESS COMMENT

LONDON, Nov. 30 (Reuter)—The Anglo-French decision regarding the stopping of Germany's export trade is generally discussed in the British press and the consensus is that such restrictions are better for neutrals than the two alternatives.

The Times says that the necessity

NEUTRAL SHIPS WILL CONTINUE SERVICES

LONDON, Nov. 30 (Reuter)—It was announced in The Hague yesterday that despite the losses to neutral ships at sea, Netherlands ships will continue without restriction.

The Belgian Channel Steamer Service between Ostend and Folkestone was resumed yesterday.

Rawalpindi Survivors In London

LONDON, Nov. 30 (Reuter)—Ten survivors of the Rawalpindi arrived in London and were greeted with shouts of "Well done, boys."

After visiting the Admiralty, the men marched to the Horse Guards Parade, where they were greeted by Admiral Sir Charles Little, who told them that they had worthily upheld the traditions of the Navy.

GRAPHIC STORY

A graphic story of the fight was related by an old R.N.R. man, who saw service with H.M.S. Malaya in the Battle of Jutland. He was called up on the outbreak of war and joined the Rawalpindi as a seaman-gunner.

The man stated that when the warning was given that an enemy ship had been sighted, action stations were sounded and those below deck rushed up and manned the guns.

"When the order was given to abandon the ship, I, with another man, jumped in the sea. The ship was then ablaze and burning like a piece of paper."

"A boat empty but waterlogged, came near. About thirty of us jumped from the ship's side, but I believe only ten reached the boat."

"It was getting darker and darker every minute and it seemed a long time before we were picked up."

LONDON, Nov. 30 (Reuter)—Thrilling stories of the unequal combat between the Rawalpindi and the Deutschland were given by survivors who arrived in London yesterday and visited the Admiralty.

"The ship burned like a piece of paper," declared one of them, who said that the Deutschland, could only just be seen in the fading light when the action commenced.

A Petty Officer described how the Rawalpindi was virtually put out of action by the second salvo from the eleven-inch guns of the Deutschland. Fire broke out almost immediately in a dozen places.

JITTERS IN EUROPE

BUCHAREST, Nov. 30 (Reuter)—Neutral observers here express the opinion that Rumania will shortly follow Turkey's lead and improve her existing links with the Allies.

All over Europe diplomats are jittery and it is felt that the original Soviet-Nazi plan called for Poland to be attack-

PROFOUND STORY OF HUMAN EXPERIENCE

How Stanley eventually found Livingstone and greeted him with the famous words, "Dr. Livingstone, I presume?" is told in a thrilling and authentic drama which starts in New York and finds its climax in the heart of darkest Africa.

It is one of the most thrilling adventures known to man and is strikingly portrayed on the screen in Daryl F. Zanuck's production "Stanley and Livingstone," a special preview of which was given to the Press yesterday morning at the King's Theatre where the film opens tomorrow for a five-day run.

TRACY STARRED

Spencer Tracy, twice Academy Award winner, takes the part of Stanley, while Nancy Kelly, brilliant star of "Jesse James" and Richard Greene are starred with him, with Walter Brennan, another two-time Award winner, Charles Coburn and Sir Cedric Hardwicke (as Livingstone) and many others.

The scenes were shot in Africa when in 1937, Mrs. Martin Johnson the famous explorer, led an expedition of 27 Hollywood players and technicians into the wild country, following the route taken by Livingstone in 1871. The trip took many months and culminated in the village of Ujiji where Stanley found Livingstone.

It is a profound story of human experience and makes extraordinary, outstanding screen fare.—D. J.

Lord Mayor Acts At Novel Auction

LONDON, Nov. 30 (Reuter)—The Lord Mayor acted at one of the most novel auctions ever known and he himself raised the last bid to a round figure just before closing the auction.

The work of the Y.M.C.A. in the last war was well-known. In this war, however, the services are scattered and the problem of the Y.M.C.A. is thus more difficult.

MOBILE CENTRES

One way meeting problem is by means of mobile centres, consisting of motor lorries, which are shops on wheels. Several are already in operation in Britain and the auction was held in honour of the first "Tea Car," as they are called, to go overseas. All those who made bids will have their names put on a plaque inside the car.

R.A.F. Pilot's Skill

LONDON, Nov. 30 (Reuter)—The remarkable escape of a British machine, which took part in a night over North-West Germany on Monday, has now been revealed.

The fact that the plane successfully returned to its base is a tribute to its builder, but even more so to the remarkable skill of the pilot, for both wings were badly damaged. The port wing was so badly damaged that only the framework was left and part of the starboard wing was blown away.

BLINDING FLASH The plane was subjected to heavy shelling and the pilot says that he found himself suddenly in the centre of a blinding flash which caused the plane to go into a spin from which he righted only just in time.

When he returned to the base the pilot's arm was temporarily paralysed by the strain of keeping his machine on an even keel. Both the pilot and the navigator were New Zealanders.

RAPE CHARGE VERDICT

Continued from Page 1

Witness said that it was more likely than not that marks of violence would be found on the complainant's body in the circumstances.

Accused in evidence, said he had been "keeping" complainant for two months, and had been told by the woman that her husband was dead. He used to see her two or three times a week. It was not true that he had had a conversation with complainant's husband.

JURY WARNED

In his summing-up after counsel had completed their final addresses, His Lordship warned the jury against entertaining any racial prejudice against the prisoner because he was an Indian or because they might have heard of the acts of certain Indians in the Colony.

The jury retired for 15 minutes and returned a unanimous verdict of guilty, and in sentencing accused, the Prime Judge told prisoner that he had disgraced the uniform he wore.

Winter Styles' Psychology, Reality And Escapism

Reality and escapism are definitely the foundations of the winter styles, which are pleasing every woman's fancy. Escapism, there you find your evening models. A touch of unreality is on them all. Turn backward, remember the vivid and glorious paints of old masters and the Arabian nights, thus you have imaginative costumes.

But day clothes and styles are another matter. Imagination is splendid for evening, but the day dresses are practical, simple, and as fashion demonstrated, very close to perfection.

Underlying and underlining almost all the clothes, day and night, is the new laced corset. Its grip on fashion is no idle rumour. Two, three, four inches, a waist dwindles under them. The back is laced, the front is boned, the waist diminishes you, the top inches up toward the bust, the sides are cut away to release the hips, but, never fear, you'll know no torture.

DAY DRESSES

Frequently you can't tell what it is that makes a Paris day dress the masterpiece that it is.

Wool jersey is the "rage" in materials, and black is the outstanding selection. For instance the popular black wool jersey model with a band of violet jersey set in the small waist and more of the violet circling the neck, the skirt is full with gathering at the neck, sleeves are full from shoulder to elbow. The apron dresses, fullness in the back or front, are trim and specialises in smartness. Most of the day frocks will have water-waisted black dresses. The trimmings on this type frock must be outstanding and smart in their exactness.

TOWN SUITS

A suit that makes everyone turn their head in your direction is a heather tweed worn with a satin blouse. A quiet little beige suit, with elegance and a pleated skirt, is very chic and new. Or for the more dramatic, a green corduroy velvet suit, the ribs running on the bias, a grille of deep red velvet, or a blouse in this shade. The muted, murky shade of grey-green cleverly trimmed with beaver; and, of course, the black wool suit, trimly tailored having the new longer jacket will be very dashing and correct.

SUITS TOUCHED WITH VELVET OR BRAID

Black velvet or braid work gets around some of the very best suits. And even last year's model can be freshened and renewed by frogs, braid or rope trimming. A black-silk crepe dress topped with an old-fashioned grandmother cape of black velvet, is interesting. The black velvet dress topped with a black wool jacket lends charm to the older woman. Black on red, grey, rose, green and scarlet suits makes a chic distinction.

SPORT SUITS

Taupe jersey, very new and winter's latest in suits. The combination of colours is great. The black and white herring-bone suit, the herring-bone pattern the biggest in existence, the jacket neatly double-breasted, the skirt attached to a black jersey blouse. Plaids are fashionable, brown and yellow being the most popular.

COATS

The half-and-half styles has captured admiration, for instance, half black and half green. A pearl-grey camel's hair coat, fastened with tortoise-shell buttons to echo the tortoise-shell shade of the accompanying jersey dress. And Chanel's grey tweed coat, trimmed in pure wool appearing like astrakhan, a very clever substitute. A furless coat of great favour buttons on the side with big red buttons, the material being grey-blue wool. And still another is a chocolate-brown model snug with a great hood and pockets of sheared beaver.

DINNER CLOTHES

A curious coincidence that one of the silhouettes that was in favour in 1914 is once more popular, the peg-top, narrow-skirted style. All over the gay night spots you will see the slim, slinky dinner-dresses for you who have always loved the straight and narrow. There's a flame-red dress with a pencil-slim skirt, sleeves down to your knuckles, and a bodice twisted in some inexplicable way with a gold necklace. The frock long sleeved in crepe pressed into pleats so that it hangs narrow as a reed. Shoulders and arms are covered if not by the dress then by the "cigarette" dinner-jackets.

ANKLE-LENGTH SKIRTS

You'll probably fall for an evening skirt that stops short at the ankles, once you have tried on the

Round The Shops

Today is the first of December! Of course, everyone is aware of that fact, but at the same time there are few Christmas shopping days remaining on the calendar and what about those gifts you want to send away?

Don't forget also that this big little city of ours does not have overstocked shops where you can find just the right gift. Therefore, don't forget to "shop early" and find the merchandise that is fresh, unusual and distinctive.

A GIFT OF GLOVES

Gentlemen, are you reading, and ladies, too! Gloves are ideal gifts, always welcome and always useful. No woman can have too many pairs of gloves for the various costumes frequently demand a particular colour or style.

LANE, CRAWFORD offers a large selection of models. Their new leather styles in soft, pliable kids are offered in a wide colour range including the staple brown and black. A few of the styles have the fancy zippers which make this particular style so useful.

Dress gloves in suede: colours of brown, navy, grey, black and white. And don't neglect to have a look at Morley's new "Wearclean" styles.

OU-la-la!

That is the exact expression a gentleman will utter when you step forth in one of the evening models now on display at MAYOS, in the Arcade.

From France and America these models have just arrived, revealing the latest dictates of fashion and sumptuous in their rich materials and trimmings.

You will delight in the afternoon frocks and suits also on display here. Tailored with studied smartness, their fabrics and colours are the latest in the winter fashion parade.

EVENING ENSEMBLE

Before you select your evening costumes for the coming holiday social events shop at RIVELLE, in

Fuzzy Heads

You are a woman of fashion! Then—There is no maybe about it you must afford one—"a fur hat."

This winter you will definitely be out of the fashion parade unless you encase your head in a fur bonnet of sorts.

The high Russian hats in beaver, lamb, are very smart. Sport costumes carry this type well.

Remember the sassy fox chapeau Bette Davis wore in her picture "Dark Victory"? Very chic and stunning with a dressy afternoon frock.

Sealskin or ermine pill box styles are worn with dash when you set forth to luncheon in your new suit or a coat to match.

Velvet models with bands, knots and bows of fur are other afternoon styles and cocktail hats which lend elegance to your costume.

Fur berets made of a fine soft and glossy fur are being worn for travelling, motoring and with informal daytime attire.

Evening time you have fur hoods, warm, cozy and quite Victorian, these can be detached from your evening wrap.

However, when selecting your fur hat be sure you have in mind a fur trim, cape, fox jacket, or coat which will correspond to your accessory and finish the costume.

model. Usually the skirts are full unless it is a Turkish hem.

And no one can forget the evening skirt that stops short at the ankles, once you have tried on the

A NEGLIGEE

Ruth Hussey wears a pink chiffon negligee designed by Dolly Tree. The bodice is full from dainty shoulder gathering; the extremely full sleeves are caught tight at the wrist with lace-edged ruffle, falling partially over the hand. Lace-edged ruffles outline front opening and hemline; the belt is of satin-backed pink velvet.

YOUR TWO VITAL NEEDS NOW—

Nerve Reserves and Restorative Sleep!

THERE are two outstanding advantages of 'OVALTINE' which are of vital importance to you now—

1. 'Ovaltine' contains an unequalled wealth of nerve-building nutriment.
2. 'Ovaltine' possesses special properties which make it the best bedtime beverage for ensuring natural, restorative sleep.

A 3-year series of scientific tests on sleep showed that 'OVALTINE', taken regularly at bedtime, cut down tossing and turning and gave a feeling of being "better rested" in the morning. Many other tests have proved the exceptional nerve-restoring properties of 'OVALTINE'. It is entirely free from drugs. In these days of abnormal nerve-strain 'OVALTINE' should be your constant stand-by. It is supremely rich in lecithin—a vital nerve-building element derived from the new-laid eggs used in its manufacture. No nerve food is complete without lecithin.

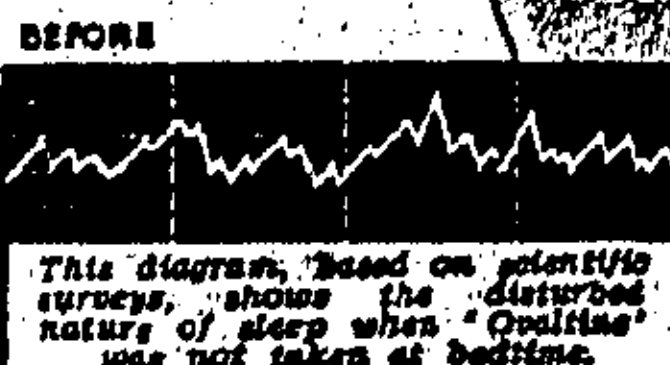

'OVALTINE' is a complete food which, by itself, will sustain strength and stamina over prolonged periods. It can be eaten dry if desired. But be sure it is 'OVALTINE'. Although imitations are made to look like 'OVALTINE', there are very important differences.

'Ovaltine' does not contain any Household Sugar. Furthermore it does not contain Starch. Nor does it contain a large percentage of Cocoa.

If sugar is required for sweetening, you can always add it to 'OVALTINE' yourself. This is obviously the most satisfactory and economical way. The supreme economy of 'OVALTINE' is evident in the fact that the small tin will make as many as 24 cupsful of concentrated nourishment. In these days you must get the best possible value for the money you spend. That is why you should insist on 'OVALTINE'. It stands alone for quality, value and economy.

H. K. STOCK EXCHANGE

There are enquiries looking about the market, but the volume of trading continues small. Enquiries, possibly with an eye to the future, are desirous of acquiring an interest in quite a few stocks, but as they are so diffident in declaring what they are prepared to pay for accommodation holders remain uninterested and refuse to trade.

U.S. TRADING WITH NEUTRALS

Neutrality Act Operation May Be Relaxed

WASHINGTON, Nov. 30 (Reuter).—U.S. State Department officials are considering the possibility of relaxing the operation of the Neutrality Act so as to permit American goods to be carried to neutrals, via a belligerent port, without insisting on a transfer of title beforehand.

It is stated that the matter was raised at the request of Switzerland, which enquired whether it would be permissible to ship American goods through Marseilles, without transferring title before the goods left the United States.

So far the State Department has not reached a decision, but the matter is being discussed in the light of the apparent intention of Congress not to disrupt normal trading with neutrals any more than is necessary.

No Rationing Before X'Mas

GOVT. DECISION PATRIOTICALLY ACCEPTED

LONDON, Nov. 30 (Reuter).—Concerning the proposed introduction of rationing of bacon and butter, general satisfaction is expressed at the news that such rationing will not come into force until after Christmas.

The Daily Telegraph hopes that if further supplies come in, rationing will be made lighter. But rationing is the only way to make certain that no one goes hungry while others have more than enough.

DECISION APPROVED

Both the Daily Mail and News Chronicle say that the British people approve of the Government's decision. They do not question it and will accept it patriotically.

The Times asks how it will be possible to have voluntary rationing of sugar, but not of bacon and butter? But no one needs go short of first class nourishments, as there are alternative foods in ample supply.

ECONOMY IN TRANSPORT MEETING WAR - TIME CONDITIONS

The restrictions which are automatically imposed by petrol rationing have quickly had the effect of causing all those who are big users of transport to consider ways and means of ensuring that they will not have to curtail the services which they offer to their customers.

One of the first considerations is that there must be a ruthless cutting-out of unnecessary running and that immediately leads to the question of whether there is really sufficient traffic to justify the organisation of a complete service by a firm for its own use or whether it would be better in the long run to buy transport from those concerns who make it their exclusive business.

In these days it is possible to purchase transport in much the same way as any other service and in some cases it will be long.

COMMODITY MARKET REVIEW
(FROM PAYNE & CO.)

New York, November 29.

| SINGAPORE RUBBER | Nov. 28 | Nov. 29 | Change |
|------------------|---------|---------------|---------|
| S P O T | 40-1/8 | buyers 39-1/4 | off 7/8 |
| JAN-MARCH | 38-5/8 | 37-3/4 | " |
| APRIL-JUNE | 38-3/8 | 35-1/2 | " |

The market was quiet.

COTTON: There was a consistent foreign and domestic Trade demand which absorbed a fair amount of Southern selling. "Spots" today were firm and offerings were light with the mills being the largest buyers. We would continue to favour accumulation of May and July contracts, expecting an even more light Spot situation by the Spring.

RUBBER: The market was easy, reflecting heavy December liquidation. Some factory buying on the scale down was evident.

WHEAT: Conflicting news regarding the Russo-Finnish tension were promptly and continuously reflected in higher wheat prices accompanied by extensive short-covering and good milling demand. The foreign markets were firm and persistent British Government buying of Canadian wheat was reported. Unfavourable crop news continues to be the chief sustaining factor.

NEW YORK STOCKS: Previous close, 148.31; Today's close, 146.89; Change, off 1.42.

ECONOMY IN TRANSPORT

Continued from page 9

It is not unusual now to find manufacturing firms entrusting the whole of their road transport under contract, to firms who make it their sole business and are able to offer considerable variety in the service, so that any particular requirements may be met.

With regard to the distributive trades, which make use of vehicles of not very great capacity but are kept busy on short runs, a great deal of success has been achieved in the design of electrical vehicles.

ELECTRICAL VEHICLES

It may be recalled that a couple of years ago several firms of repute showed at Earl's Court electric vans suitable for milkmen, bakers, grocers and other tradesmen and business firms making local deliveries, and they were given a favourable reception.

For one thing they were extremely simple to run and to maintain. The driver has nothing to cause him anxiety and experience on the road during the past year or so has borne that out.

The maintenance of them is also so simple that it could hardly be improved upon. All that is necessary when the vehicle has completed its round is to run it into its bay in place; automatically the current will be cut off when the batteries have been recharged.

Experience has shown that the scheme is one which is thoroughly practical, and the fact that the charging takes place during the night, when the load on the power stations is lightest, means that the current can be purchased at a very cheap rate.

THE ADVANTAGES

Indeed, the advantages are so patent that many large concerns who have a considerable amount of distribution to do have standardised fleets of vehicles, such as those made by Midland Vehicles, Ltd., which have now been on the market for four years and have been supplied to many corporations and other large users of transport both at home and abroad.

Very attractive is the scheme of the Battery Traction Co., Ltd., with their Q electric, which they are able to market at a price which is attractive when compared with that of a petrol vehicle of similar capacity.

The point is that the battery does not have to be purchased with the vehicle but, through an arrangement with the power companies, it is paid for over a period of years. The batteries used are of a standard size so that if necessary it is quite a simple matter for one to be replaced.—Daily Mail.

Hockey

SERVICES HOLD
TRIAL MATCHBrilliant Display Of
Colours' Forwards

Fast and brilliant hockey was witnessed at Sookunpoo yesterday when the Combined Services held a trial match, the Colours defeating the Whites by seven goals to nil.

Starting with only ten men, the Whites apparently slackened after fifteen minutes of play when two goals were registered by the Colours. At this stage the custodian of the Colours took the side of the Whites and the former team played with ten men throughout the rest of the game.

The forwards for the Colours played a good game with marvellous combination. Superior in all departments, the Colours could have won by a wider margin but many chances were thrown away.

The trial was held for the selection of the team to represent the Combined Services against the Civilians which will take place on December 10 at King's Park.

The teams were:
COLOURS:—Osman; Cdr. J. Corrie-Hill, Datta Ram; Crawley, Lt. Hook, Lt. Carter; Chah Wall, Lt. Indaght Singh, Lt. Pritam Nath, Neral Singh, Partab Singh.
WHITES:—Gussan Singh; Mars, Lt. J. P. Gunner; Rust, Austen, Howe; Pennington, Harvey, Gen-nell, Finnie.

RACING NOTES

Continued from Page 2
Wednesday and must be conceded a fair chance.
Rooftop although considered a sprinter is in such good form that she may be the means of a major upset once again. I have not much news of Discovery Bay but if she is started and looks fit in the paddock the pony is quite capable of accounting for this race.

Jack O'Lantern should also be very near and is confidently tipped as a very good thing. Lancashire Chap will run well I am sure as he is as fit as ever and a good sprinter.
Arabian Cat, Wild Bear, and National Liberty are others who will be very prominent at the finish not to mention George who is bound to run well in this company.
My final selections will appear in Saturday's issue.
